#### EXPLANATION OF CONTINUING GENERAL FUND RECEIPTS

**Sales and Use Tax (SDCL 10-45 and 10-46):** A tax of 4% is imposed upon the gross receipts from selling, leasing, and renting tangible personal property and the sale of services, except for the gross receipts from the sale and lease of agricultural machinery, irrigation equipment, and oil and gas field services, which are currently taxed at 3%. Starting January 1, 2006, all items subject to the state sales tax will be taxed at 4% to conform with the Streamlined Sales Tax Project. A use tax of the same rate as the sales tax is imposed on goods and services that are used, stored, or consumed in South Dakota on which South Dakota sales tax was not paid. SB 262, passed by the 1994 legislature, created the Sales and Use Tax Fund into which a portion of the sales tax is deposited to cover the Department of Revenue and Regulation's cost of administering the tax. SB 63, passed by the 2003 legislature, broadened the sales tax to include interstate telecommunication services. HB 1180, passed by the 2004 legislature, exempted certain transportation services from the sales and use tax.

**Contractor's Excise Tax (SDCL 10-46A and 10-46B):** An excise tax of 2% is imposed on the gross receipts of all prime contractors on construction projects. Subcontractor's gross receipts are not subject to the 2% tax if they are furnished a valid prime contractor's exemption certificate by the prime contractor for each specific job performed. The gross receipts of both prime contractors and subcontractors providing construction services or realty improvement projects for qualifying utilities are subject to a 2% excise tax.

Alcohol Beverage Tax (SDCL 35-5): This tax is computed and levied on all alcoholic beverages purchased, received, or imported from a distiller, manufacturer, or foreign wholesaler for sale to a retail dealer. The taxation rates are as follows: 1) \$8.50 per 31 gallon barrel (or a prorata share thereof) on malt beverages; 2) all light wines and diluted beverages (except sparkling wines and cider) having more than

3.2% and not more than 14% alcohol by weight, 93¢ per gallon; 3) all wines (except sparkling wines) having more than 14% and not more than 20% alcohol by weight, \$1.45 per gallon; 4) all wines (except sparkling wines) having more than 20% and not more than 24% alcohol

by weight, and all sparkling wines containing alcohol, \$2.07 per gallon; 5) all cider having not more than 10% alcohol by weight, 28¢ per gallon; and, 6) all other alcoholic beverages, \$3.93 per gallon. The state receives 75% of the total tax collected, and 25% of the collections are returned to the municipalities.

Alcohol Beverage 2% Wholesale Tax (SDCL 35-5-6.1): This tax is in addition to the tax imposed by SDCL 35-5-3, and is levied at the rate of 2% of the purchase price upon the purchase of alcoholic beverages, except malt beverages, by a wholesaler from a distiller, manufacturer, or supplier.

**Cigarette Tax (SDCL 10-50):** HB 1297, passed by the 1995 legislature, increased the cigarette tax from  $23\phi$  to  $33\phi$  per pack and imposed a tax upon all tobacco products at the rate of 10% of the wholesale purchase price, beginning in FY1996. HB 1147, passed by the 2003 legislature, increased the cigarette tax from  $33\phi$  per pack to  $53\phi$  per pack. The new tax rate became effective in March 2003.

**Bank Franchise Tax (SDCL 10-43):** An annual tax is imposed on banks, financial institutions, and savings and loan associations based upon net income assignable to South Dakota. The tax rates are as follows: 1) 6% on net income of \$400 million or less; 2) 5% on net income exceeding \$400 million but equal to or less than \$425 million; 3) 4% on net income exceeding \$425 million but equal to or less than \$450 million; 4) 3% on net income exceeding \$450 million but equal to or less than \$450 million but equal to or less than \$500 million; 6) 1% on net income exceeding \$500 million but equal to or less than \$600 million; 7) 0.5% on net income exceeding \$600 million but equal to or less than \$1.2 billion; and, 8) 0.25% on net income exceeding \$1.2 billion. Ninety-five percent of the taxes paid by banks organized under SDCL 51-16-40 to 51-16-44 are deposited in the general fund, and 5% of the taxes collected are returned to the county where the bank or financial institution is located. Twenty-six and two-thirds percent of all other revenues collected from the tax are deposited in the general fund, and 73 1/3% are remitted to the county where the bank or financial institution is located.

**Insurance Company Tax (SDCL 10-44):** A tax of 2.5% of premiums on policies insuring risks located in South Dakota is imposed on insurance companies. In addition, the insurer must also pay a tax of 0.5% of the gross premium receipts on all fire insurance business done in the state. The tax imposed on insurance companies for life insurance policies is 2.5% of premiums on the first \$100,000 of annual life premiums per policy, and eight one-hundredths of a percent for that portion of the annual life premiums per policy exceeding \$100,000. A life insurance policy (other than credit life as defined in SDCL 58-19) of a face amount of \$7,000 or less is taxed at the rate of 1.25% of premiums. The tax imposed on insurance companies for annuities is 1.25% of the consideration for annuity contracts on the first \$500,000 of annual consideration per annuity contract, and eight one-hundredths of a percent for that portion of the annual consideration per annuity contract exceeding \$500,000. Farm mutual insurers and fraternal benefit societies are exempt from insurance company taxes.

**Inheritance and Estate Tax (SDCL 10-40 and 10-40A):** Amendment C, passed by the voters in November 2000, repealed the inheritance tax effective July 1, 2001. The inheritance tax was imposed upon the inheritance of an heir and the rate varied according to the amount inherited and the relationship between the deceased and the heir. The estate tax is imposed upon estates subject to the federal estate tax. The tax is equal to the credit on the federal tax return for state estate taxes. The state estate tax has no effect on the total amount of tax paid by a deceased person's estate. Ninety percent of the tax is deposited in the general fund, and 10% is remitted to the deceased person's county.

Licenses, Permits, and Fees: This receipt classification includes revenues received from the sales of a broad variety of licenses, permits, and filing fees that are assessed to defray administrative costs. State agencies collecting these revenues include the Departments of Agriculture; Health; Labor; Public Safety; Social Services; Revenue and Regulation; the Unified Judicial System; and, the Secretary of State.

**Investment Income and Interest:** Revenues included in this category are from interest and the investment earnings of the general fund and nonparticipating funds in the cash flow fund.

**Charges for Goods and Services:** Receipts included in this category are from charges made by institutions under the Department of Human Services; audit charges made by the Auditor General to state and local governments; child support collections paid back to the state received by the Department of Social Services; funds received from unclaimed property; 35% of fines, penalties, and forfeitures collected on county, township, or municipal offenses; and, other miscellaneous charges.

**Net Transfers In:** Receipts included in this category are general fund reimbursements by the Highway Fund; receipts from the Department of Game, Fish, and Parks; the Motor Vehicle Fund; the Soil and Water Conservation Fund; the state's share of the Deadwood gaming revenue; interest earnings from the Health Care and Education Enhancement Trust Funds; and, other miscellaneous receipts.

**Dakota Cement Trust (Article 13, Section 20 and 21 of the State Constitution):** The net proceeds from the sale of state cement enterprises were deposited into the Dakota Cement Trust Fund. Each fiscal year, a transfer of \$12 million is made from the trust fund to the general fund. Other than this transfer, the original principal of the trust fund is to remain intact. However, the legislature shall, by appropriation, make distributions from the difference between the \$12 million annual transfer and 5% of the market value of the trust fund for the support of education, but not for the replacement of state aid to general education or special education, if the increase in the market value of the trust fund in that fiscal year is sufficient to maintain the original principal of the trust fund after such distributions. FY2005 is the first time the transfer to the general fund will be greater than \$12 million.

in business in the state prior to January 1, 1981, 100% of the revenues collected are deposited in the general fund. For persons permitted on or after January 1, 1981, for the purpose of severing precious metals, 80% of the revenues collected are deposited in the general fund, and 20% are remitted to the county in which the precious metals were severed. Owners or operators of energy minerals must pay a tax equal to 4.5% of the taxable value of any energy minerals severed. One-half of the energy mineral severance taxes received are returned to the county where the energy minerals were severed, one-sixth of the taxes are deposited in the Energy Development Impact Fund, and one-third of the taxes are deposited in the general fund. Any excess over \$100,000 in the Energy Development Impact Fund is credited to the general fund.

**Unexpended Carryovers:** Unexpended balances that revert to the general fund from prior years for special appropriations and emergency special appropriations are reflected in receipts as unexpended carryovers.

**Lottery (SDCL 42-7A):** Receipts under this classification include the general fund's share of revenues from the sale of instant and on-line lottery tickets. All of the net proceeds from the sale of instant lottery tickets are deposited in the general fund. The first \$1.4 million of the net proceeds from the sale of on-line lottery tickets are deposited in the general fund, and the remaining net proceeds are deposited in the Capital Construction Fund.

**Property Tax Reduction Fund:** The Property Tax Reduction Fund (PTRF) was created to fund property tax relief in South Dakota. SB 225, passed during the 1996 legislative session, provides that the Commissioner of the Bureau of Finance and Management may transfer monies available from the PTRF to the general fund to provide property tax relief through state aid to education. Revenues deposited in the PTRF come from three sources: 1) 49.5% of video lottery net machine income; 2) 60% of the revenue from the 4% tax on the gross receipts of telecommunication services, which was imposed by HB 1104 passed by the 2003 legislature; and, 3) unobligated cash remaining at the end of a fiscal year after the transfer into the Budget Reserve Fund, if the amount in the PTRF does not exceed 15% of the general fund appropriations in the General Appropriations Act for the previous fiscal year.

**Sale-Leaseback:** Receipts under this classification are derived from the annuity contract purchased with the proceeds from the sale of certificates of participation associated with the December 1986 sale-leaseback transaction.

**CRP Program:** Receipts under this classification are derived from federal Conservation Reserve Program payments that farmers signed over to the state in exchange for lump sum payments.

#### EXPLANATION OF ONE-TIME GENERAL FUND RECEIPTS

Acceleration of Interest Earnings (FY2004): HB 1099, passed by the 2003 legislature, accelerated the proration of interest earnings in the cash flow fund by having 90% of the estimated proration due to the general fund for the next fiscal year transferred to the general fund in the year in which the interest is earned. This resulted in one year (FY2004) where the general fund received two years of earnings deposits. Included in this category is the amount of FY2004 interest earnings that were deposited into the general fund.

**Transfer from Petroleum Release Compensation Fund (FY2004)**: HB 1069, passed by the 2003 legislature, transferred \$15 million to the Petroleum Release Compensation Fund. These funds were transferred to the highway fund during the 2002 legislative session to cover an expected deficit in matching federal highway dollars. This shortfall never occurred; therefore, HB 1069 moved the dollars back to the Petroleum Release Compensation Fund. HB 1283, the General Appropriations Act, transferred the \$15 million from the Petroleum Release Compensation Fund to the general fund in FY2004.

Securities Global Settlement (FY2005): This represents South Dakota's share of a global settlement with various large brokerage firms that settled securities violations in regards to securities analyst's conflicts of interests.

**Transfer from Video Lottery Fund (FY2005)**: This represents a one-time transfer from the video lottery operating fund to the general fund to help cover the projected budget shortfall in FY2005.

**Transfer from Property Tax Reserves:** SB 225, passed during the 1996 legislative session, gave the Commissioner of the Bureau of Finance and Management the authority to transfer monies available from the Property Tax Reduction Fund to the general fund to provide property tax relief through state aid to education. In FY2003 and FY2004, \$10.5 million and \$16.0 million, respectively, was transferred from the Property Tax Reserves to the general fund to cover the budget shortfalls in those years. In FY2005 and FY2006, it is projected that \$22.5 million and \$17.1 million, respectively, will need to be transferred from the Property Tax Reserves to the general fund to be budgets.

**Obligated Cash Carried Forward**: This is the amount of prior year cash carried forward to meet obligations that existed at the end of the previous year. In FY2003, FY2004, and FY2005, \$6.2 million, \$1.4 million, and \$1.2 million respectively, was carried forward and transferred to the Budget Reserve Fund.

By law, revenue generated by license sales and other miscellaneous sources is dedicated for specific services which are delivered by the programs in the Division of Wildlife. Current law authorizes the Game, Fish and Parks Commission to appropriate and expend revenue receipted into this fund. A detailed annual report is available upon request to the Department of Game, Fish and Parks, Foss Building, Pierre, SD 57501.

Revenue estimates for FY2005 and FY2006 represent calendar year estimates instead of fiscal year estimates. Historically, the Game, Fish and Parks Commission has to rely solely on the revenue generated to the Game, Fish and Parks Fund to fund the activities it is charged with. In order to have adequate management information to react to license sales and their effect on funding available, the Commission established the calendar year revenue budget. At the end of a calendar year the Commission has sufficient information on license sales to determine if adjustments to the budget are necessary to maintain solvency.

Each year an amount designated in the General Appropriations Bill for the use of the State Radio Network is transferred from this fund to the General Fund. Other transfers consist of the fund's support for the Division of Administration, the Animal Damage Control Fund, and the Land Acquisition Fund.

STATE OF SOUTH DAKOTA M. Michael Rounds, Governor

# MEMBERS OF THE 80<sup>TH</sup> LEGISLATURE OF THE STATE OF SOUTH DAKOTA

It is my honor to submit the governor's budget report for Fiscal Year 2006. This is my proposal for funding necessary state government services and special appropriations for the fiscal period beginning July 1, 2005, and ending June 30, 2006.

As we continue to grow our way out of the structural deficit, prioritization of state programs has been a necessity. This budget continues to reflect my commitment to three key segments of our state's priorities: helping those who cannot take care of themselves, the very young and the very old; protecting our society from those who would do us harm; and providing a quality education for our children...because they are our future.

My proposed budget will allow for the funding of our essential, and in some cases, "mandated" government services, while still reducing our structural deficit.

No additional tax increases are necessary to implement this proposed budget.

The use of our reserve funds, along with a continued conservative fiscal policy, will allow us to eliminate our structural deficit in the coming years. My proposed budget for FY2006 contains recommendations that reflect the current revenue conditions, while meeting the needs of our citizens and being stewards of our taxpayers' money. Key among these:

- A continued commitment to education in FY2006 This budget reflects the commitment to education in South Dakota. We are proposing to increase funding for education at the required rate of inflation. I'm also proposing to include into the formula the equivalent of the difference between last year's enrollment and this year's enrollment, otherwise known as declining enrollment funds. In addition, I am proposing to provide additional state resources to schools, based on Average Daily Membership (ADM), above and beyond the requirements of the current formula. This proposal also separately includes the one-time earnings from the Dakota Cement Trust Fund to provide education Enhancement Trust Fund and the Dakota Cement Trust Fund.
- Increased funding for the state's share of federal health care programs The state's Medicaid Program continues to grow. The increasing costs of health care services, coupled with expanded caseloads and inflationary provider reimbursements, comprise a significant increase in my recommended budget for FY2006. The money paid for Medicaid services in South Dakota is budgeted to increase by 11.1 percent over FY2005 levels.

- Protecting the public One of our greatest obligations is keeping our state's citizens safe from those who would do us harm. Our primary concern is the safety of our citizens. Unfortunately, this requires a corrections system that incarcerates people convicted of crimes. I believe many of these individuals, most of whom will return to society, can be rehabilitated, eventually becoming contributing members of their communities. Specifically, this budget addresses the increases in our state's prison population, which includes the opening of new facilities as directed by the 2003 legislature, maintaining a strong and effective court system, and providing a coordinated effort to distribute millions of dollars from the federal government to address homeland security issues at the local level.
- Commitment to our employees The most valuable resource in state government is our employees. Today, our citizens rely on state government for services more than any other time in history. In spite of that, the executive branch of state government has grown by less than 1 percent over the last 5 years. We continue to reform state government by providing more accountability to the citizens of our state, while improving the responsiveness and quality of the services we provide. I propose that we continue the PACE program started by former Governor George S. Mickelson:
  - State employees receive a 3 percent salary increase across the board.
  - Continuation of the 2.5 percent movement to job worth.

Expanding our economy through the 2010 Initiative will allow us to support our budget through a growing economic base. We will work together to find ways to deliver services as efficiently as possible and strive to develop opportunities for the people of South Dakota.

As governor, it is my duty to convey my priorities for the use of the tax dollars the citizens of this state have entrusted to us in the coming fiscal year. This budget provides for the necessary services which the citizens of this state expect us to deliver.

Sincerely,

M Michael Kounts

M. Michael Rounds

# DEPARTMENT OF EXECUTIVE MANAGEMENT BUREAU OF FINANCE AND MANAGEMENT

# TO MEMBERS OF THE 80<sup>th</sup> LEGISLATURE OF THE STATE OF SOUTH DAKOTA

The Governor's Budget Report for Fiscal Year 2006 represents our state's 116<sup>th</sup> year of a balanced budget. The report is designed to give an accurate and timely reflection of the financial conditions of the state and the proposals for spending the taxpayer's money. It culminates budget activities by the agencies and the Governor's Office which began early this summer.

The budget document contains a great deal of financial and program information, including the following: financial statements for the general fund and other funds; a history of the record of expenditures of the past two fiscal years; proposed funding by program for the coming fiscal year; statements of goals, objectives, and missions for the various programs, divisions, and departments; a listing of revenues generated by each program; and, various informational charts and graphs.

Funding for each program is presented as general funds, federal funds, and other funds. In addition, expenditures for each program are broken down into personal services and operating expenses. Staffing levels for each program are expressed in terms of full-time equivalent employees (FTEs).

It is our hope that the information contained in this book will be useful to you in your deliberations during the upcoming legislative session.

Sincerely,

Jason C. Dilges, Commissioner Bureau of Finance and Management

# **EXECUTIVE MANAGEMENT**

The Governor's recommendation for the Department of Executive Management includes an increase of \$3,522,696 in general funds, \$3,627,751 in federal fund expenditure authority and an increase of \$5,007,969 in other fund expenditure authority, for a net increase of \$12,158,416. The Governor is also recommending an increase of 0.5 FTE, for a total FTE count of 654.8. The total FY2006 budget includes \$29,370,769 in general funds, \$7,144,366 in federal fund expenditure authority, \$85,404,496 in other fund expenditure authority, for a total of \$121,919,658, with 654.8 FTE.

The Governor's state employee compensation package accounts for a bulk of the increase within the executive branch. The compensation package is loaded into a pool of funds within the Bureau of Personnel. The Executive Branch then distributes the pool to each agency after session when the salary policy amount is finalized. Of this amount. a \$5.465.951 general fund increase to state aid to general education is recommended, bringing the total state effort to \$284,885,144. This is based on a budgeted adjusted average daily membership (ADM) figure for FY2006 of 126.099. The adjusted ADM for FY2005 has been revised to 126,809, which brinas the estimated state expenditure to \$274,366,049 of a budgeted \$279,419,193. The original estimate for adjusted ADM for FY2005 was 127,183. According to state statute, the Governor is recommending a 2.0% inflationary increase in the per student allocation for state aid to general education and for state aid to special education. This brings the per-student allocation for state aid to general education to \$4,168.29 for FY2006, an increase of \$81.73 over the FY2005 base rate of \$4,086.56. In addition, due to declining enrollments, the Governor is recommending to add an additional \$2,190,603 in

general funds be added to state aid to be distributed through the formula. This number is calculated by taking the difference between the revised adjusted ADM for FY2005 and the budgeted adjusted ADM for FY2006 and multiplying it by the FY2005 per pupil allocation and dividing the amount among the budgeted FY2006 adjusted ADM This brings the perstudent allocation for state aid to general education to \$4,191.30 for FY2006, which is a \$23.01 increase above the statutory increase, or a \$104.74 increase over the FY2005 per student allocation. Furthermore, the Governor is recommending that an additional \$13.96 per student be added to the formula to bring the total per student allocation up to \$4,205.26, for a total increase of \$118.70 or a 2.9% increase over the FY2005 per student allocation. The Governor is also recommending that \$3,006,960 in education enhancement trust fund earnings be allocated to Education Enhancement. This money is available for the entire education community and the legislature will be asked to allocate based on need.

A \$500,000 increase in general funds is recommended in the special education formula for FY2006. This increase is due in part to SDCL 13-37-16.2, which requires that the special education levy be adjusted when valuations grow faster than local need. The budgeted amount will increase to \$43,106,875 for FY2006. The formula for FY2006 is based on an estimated ADM figure of 132,800, with an inflationary increase of 2.0% to the per student allocation. The ADM figure is not adjusted for any type of small school factor, but includes children who are in private and home schools.

The FY2006 recommendation for funding to provide stipends to National Board Certified Teachers and to reimburse the fees associated with taking the exam will remain at \$90,000 in general funds.

The Governor is recommending an increase of 423,926 over the FY2005 Governor's recommended budget for the postsecondary technical institutes. This increase is based on a 2.0% adjustment similar to the K-12 statutory increase. This brings the total level of funding to 16,960,433 for FY2006. \* Licensee reviews are an information interview with sales and contractors' excise licensees where the Tax Program representative explains how the applicable tax applies to that specific type of business. These reviews are not a detailed audit conducted on a business, but rather are targeted at 90% of the businesses that would not normally receive specific attention because of a delinquency, or an audit.

\*\* Compliance reviews provide for an information review similar to the licensee review, however, a self assessment is done by the licensee in areas where errors were found.

# 1517 South Dakota Scholarships

#### MISSION:

The Board of Regents' system is charged with the responsible use of available resources to support and encourge the intellectual, cultural, and ethical development of students. As the 21st century approaches and an information revolution touches all aspects of the labor force and the community, the understanding and application of information technology is an increasingly important part of that development. Maintaining an appropriate technology infrastructure requires investment in physical capital in the form of hardware and software, as well as investment in human capital in the form of training of faculty, staff, and students to productively apply emerging technologies across the curriculum.

# 1834 Youth Challenge Center/Living Center

#### MISSION:

The mission of the Living Center is threefold:

Custer Intake Center (CIC) is the Department of Corrections' juvenile intake facility for newly adjudicated and recommitted juvenile males. The Custer Intake Center serves as an intake and assessment unit as well as an alternative, short-term sanction option for adjudicated juveniles under DOC community supervision and a temporary holdover unit for juveniles that are pending placement. A strong emphasis is placed on self-discipline and self-accountability. In addition to the multiple assessments that are conducted, the Custer Intake Center also provides counseling, physical exercise, lifeskills classes, and education to assist the youth for transition to their primary placement.

The Living Center A program is designed to improve the quality of life for young men through a comprehensive approach that emphasizes counseling, education, work therapy, life skills development, substance abuse services, vocational training, transitional services, and positive role modeling for participants. Staff assist youth in developing new skills that will change their problem behaviors and help to reintegrate them back into society as successful, young adults.

The Living Center B goal is to positively support and continue to build upon what the youth has learned in their primary placement program while teaching them new skills they will need to live independently and assisting their transition as responsible young adults into the community.

# 1835 Patrick Henry Brady Academy

#### MISSION:

The Patrick Henry Brady Academy program is a highly regimented, tightly structured alternative incarceration program. The program is designed to present a positive environment that includes high school education, lifeskills, physical conditioning and group counseling. The Academy will instill self-confidence, self-discipline, spirit, pride, self worth and a sense of accomplishment in the cadets. The staff will be the role models for the cadets. The staff will ensure that programming is conducted safely and humanely while at the same time challenging cadets both physically and mentally. The organization's goal is to return to our communities young men that are law-abiding, respectful, healthy in mind and body, and motivated to stay that way. Additionally, our mission at the Academy is to work directly with the JCAs to determine appropriate aftercare needs.
