NOTE: This document was prepared on a cash basis for budgeting purposes and reflects obligations against cash.

^A Includes \$12,478,191 for FY2004, \$11,835,491 for FY2005, \$11,175,075 for FY2006, and \$10,498,875 for FY2007 derived from annuity contract payments.

^B Includes revenue and expenditure authority due to legislation passed by the 1988 legislature which allows the Department of Game, Fish, and Parks to make lease payments to the Building Authority, which are used to retire bonds issued to lease land in the Conservation Reserve Program with a lump sum payment in return for the annual federal government payment. The annual payments from the federal government are deposited in the general fund and used to make the Department of Game, Fish, and Parks' lease payment.

^C Includes \$12,473,308 for FY2004, \$11,833,425 for FY2005, \$11,167,786 for FY2006, and \$10,495,128 for FY2007 as appropriated to the Bureau of Administration and to the Bureau of Finance and Management to make lease payments pursuant to the leases entered into with the South Dakota Building Authority dated December 1, 1986.

- ^D Includes expenditure authority (\$367,000 for FY2006 and \$373,546 for FY2007) due to legislation passed by the 1989 legislature that allows the Department of Game, Fish, and Parks to make lease payments to the Building Authority, which are used to retire revenue bonds issued to make improvements in Custer State Park. Funds from the Custer State Park Concession Bond Redemption Fund, where funding is derived from concession contracts at Custer State Park, are deposited into the general fund and used to make the Department of Game, Fish, and Parks' lease payment.
- ^E Includes continuous appropriations for the fire premium tax refund (SDCL 10-44-9.1) and payment of special assessments (SDCL 5-14-20). Included in FY2006 and FY2007 is \$80,000 for payment of special assessments and \$1,964,812 and \$2,118,854, respectively, for fire premium tax refunds.
- ^F Includes \$17,605,523 in FY2004, \$17,820,625 in FY2005, \$18,687,113 in FY2006, and \$18,725,901 in FY2007 in interest proceeds from the Education Enhancement and Health Care Trust Funds. Under the current statutes, the market values of the Education Enhancement and Health Care Trust Funds are to be calculated using a 16-quarter average rather than the market values as of December 31st for FY2007. Since using a 16-quarter average this year takes into account two quarters where South Dakota had not received its securitized proceeds from the Tobacco Master Settlement Agreement, using a 16-quarter average market value results in a significantly lower transfer from the trust funds to the general fund for FY2007 than if the December 31st market values were used. Therefore, the Governor is proposing to delay this smoothing one year for the Education Enhancement and Health Care Trust Funds. The additional \$2.5 million that is projected to be available if this occurs is included in the FY2007 estimate.
- ^G SB 225, passed during the 1996 legislative session, requires that the state's proceeds from video lottery be deposited into the Property Tax Reduction Fund. In addition, the bill provides that the Commissioner of the Bureau of Finance and Management may transfer monies available from the Property Tax Reduction Fund to the general fund necessary to provide property tax relief through state aid to education. HB 1104, passed by the 2003 legislature, imposed a tax of 4% upon the gross receipts of telecommunication services. Sixty percent of the revenue collected from this tax is deposited into the Property Tax Reduction Fund.
- ^H HB 1287 provided that on July 1, 1991, \$20.0 million of the general fund ending unobligated cash balance from FY1991 be transferred into the Budget Reserve Fund. For each year thereafter, the maximum level of funds in the reserve was set at 5% of the general funds appropriated for the prior year in the General Appropriations Act, with the funding coming from any unobligated cash remaining in the general fund at the end of the fiscal year. HB 1195, passed by the 2002 legislature, changed the maximum level of funds in the reserve to 10% of the general funds appropriated for the prior year in the General Appropriations Act.
- ^I HB 1186, passed during the 1998 legislative session, transfers all remaining unobligated cash at year-end to the Property Tax Reduction Fund, after the transfer to the Budget Reserve Fund. HB 1198, passed during the 2002 legislative session, states the Commissioner of the Bureau of Finance and Management shall transfer any unobligated cash remaining after the transfer into the Budget Reserve Fund into the Property Tax Reduction Fund, if the amount in the Property Tax Reduction Fund does not exceed 15% of the general fund appropriations in the General Appropriations Act for the previous fiscal year.
- ^J The general bill for FY2004 reflects the passage of SB 1, passed during the special session of the 2003 legislature. This bill amended the FY2004 appropriation bill, spending an additional \$500,000 in general funds for a risk pool for health insurance purposes. The FY2004 General Appropriations Act was also revised by the 2004 legislature through HB 1031 and SB 150. HB 1031 provided for funding for the shortfall in the Medicaid Program in the Department of Social Services (+\$11.0 million) and reduced the appropriations for the Departments of Social Services, Education, Corrections, and Human Services to account for the change in the Federal Medical Assistance Percentage (FMAP) rate and fiscal relief provided in the Jobs and Growth Tax Relief Reconciliation Act of 2003 (-\$66.3 million). SB 150 increased the FY2004 general bill by \$2.8 million for the distribution of additional Education Enhancement Trust Fund earnings.
- ^K The 2004 legislature reduced general fund expenditures in the FY2004 General Appropriations Act by \$66.3 million in HB 1031 due to the federal fiscal relief provided to South Dakota in FY2004. Therefore, the transfer from the Property Tax Reduction Fund to the general fund was reduced by \$66.3 million in FY2004.
- ^L The market value of the Dakota Cement Trust Fund at the end of FY2004 made available an additional \$633,125 to be spent for education enhancement in FY2005. Therefore, SB 188, passed during the 2005 legislative session, revised the FY2005 General Appropriations Act by spending an additional \$633,125 for South Dakota Opportunity Scholarships.
- ^M HB 1001, passed during the 2005 Special Session, appropriated \$19,887,630 to the Science and Technology Authority for the underground laboratory at the former Homestake Mine.
- ^N HB 1099, passed by the 2003 legislature, accelerated the proration of interest earnings in the cash flow fund by having 90% of the estimated proration due to the general fund for the next fiscal year transferred to the general fund in the year in which the interest is earned. This resulted in one year (FY2004) where the general fund received two years of earnings deposits. The additional one-time revenue in FY2004 from the acceleration of interest earnings was \$7.8 million. HB 1069, passed by the 2003 legislature, transferred \$15.0 million to the Petroleum Release Compensation Fund. These funds were transferred to the Highway Fund during the 2002 legislative session to cover an expected deficit in matching federal highway dollars. This shortfall never occurred; therefore, HB 1069 moved the dollars back to the Petroleum Release Compensation Fund. HB 1283, the general appropriations bill, transferred the \$15.0 million from the Petroleum Release Compensation Fund to the general fund in FY2004.

- This figure includes a one-time transfer of \$3.0 million from the Video Lottery Operating Fund to the general fund to help cover the budget shortfall in FY2005. Also included is \$4.4 million from part of South Dakota's share of a global settlement with various large brokerage firms that settled securities violations.
- Included in this figure is \$0.9 million from refunding gains due to refinancing bonds, \$0.9 million from a settlement for incorrect food services charges, and \$0.5 million from part of South Dakota's share of a global settlement with various large brokerage firms that settled securities violations.
- Included in this category is the general fund's share of revenues from the sale of on-line lottery tickets. Currently, the first \$1.4 million of the net proceeds from the sale of on-line lottery tickets are deposited in the general fund, and the remaining net proceeds are deposited in the Capital Construction Fund. The Governor is proposing that all of the net proceeds from the sale of on-line lottery tickets be deposited in the general fund starting in FY2007. The additional \$3.0 million the general fund is projected to receive from this is included in the FY2007 estimate.
- In FY2004 and FY2005, \$16.0 million and \$24.6 million, respectively, was transferred from the Property Tax Reserves to the general fund to help balance the budgets. In FY2006 and FY2007, it is projected that \$26.2 million and \$5.3 million, respectively, in one-time receipts from the Property Tax Reduction Fund will need to be transferred to the general fund to balance the budgets.

EXPLANATION OF CONTINUING GENERAL FUND RECEIPTS

Sales and Use Tax (SDCL 10-45 and 10-46): A tax of 4% is imposed upon the gross receipts from selling, leasing, and renting tangible personal property and the sale of services, except for the gross receipts from the sale and lease of agricultural machinery, irrigation equipment, and oil and gas field services, which are currently taxed at 3%. Starting January 1, 2006, all items subject to the state sales tax will be taxed at 4% to conform to the Streamlined Sales Tax Project. A use tax of the same rate as the sales tax is imposed on goods and services that are used, stored, or consumed in South Dakota on which South Dakota sales tax was not paid. SB 262, passed by the 1994 legislature, created the Sales and Use Tax Fund into which a portion of the sales tax is deposited to cover the Department of Revenue and Regulation's cost of administering the tax. SB 63, passed by the 2003 legislature, broadened the sales tax to include interstate telecommunication services. HB 1180, passed by the 2004 legislature, exempted certain transportation services from the sales and use tax.

Contractor's Excise Tax (SDCL 10-46A and 10-46B): An excise tax of 2% is imposed on the gross receipts of all prime contractors on construction projects. Subcontractor's gross receipts are not subject to the 2% tax if they are furnished a valid prime contractor's exemption certificate by the prime contractor for each specific job performed. The gross receipts of both prime contractors and subcontractors providing construction services or realty improvement projects for qualifying utilities are subject to a 2% excise tax.

Alcohol Beverage Tax (SDCL 35-5): This tax is computed and levied on all alcoholic beverages purchased, received, or imported from a distiller, manufacturer, or foreign wholesaler for sale to a retail dealer. The taxation rates are as follows: 1) \$8.50 per 31 gallon barrel (or a prorata share thereof) on malt beverages; 2) all light wines and diluted beverages (except sparkling wines and cider) having more than 3.2% and not more than 14% alcohol by weight, 93¢ per gallon; 3) all wines (except sparkling wines) having more than 14% and not more than

20% alcohol by weight, \$1.45 per gallon; 4) all wines (except sparkling wines) having more than 20% and not more than 24% alcohol by weight, and all sparkling wines containing alcohol, \$2.07 per gallon; 5) all cider having not more than 10% alcohol by weight, 28¢ per gallon; and, 6) all other alcoholic beverages, \$3.93 per gallon. The state receives 75% of the total tax collected, and 25% of the collections are returned to the municipalities.

Alcohol Beverage 2% Wholesale Tax (SDCL 35-5-6.1): This tax is in addition to the tax imposed by SDCL 35-5-3, and is levied at the rate of 2% of the purchase price upon the purchase of alcoholic beverages, except malt beverages, by a wholesaler from a distiller, manufacturer, or supplier.

Cigarette Tax (SDCL 10-50): HB 1297, passed by the 1995 legislature, increased the cigarette tax from 23¢ to 33¢ per pack and imposed a tax upon all tobacco products at the rate of 10% of the wholesale purchase price, beginning in FY1996. HB 1147, passed by the 2003 legislature, increased the cigarette tax from 33¢ per pack to 53¢ per pack. The new tax rate became effective in March 2003.

Bank Franchise Tax (SDCL 10-43): An annual tax is imposed on banks, financial institutions, and savings and loan associations based upon net income assignable to South Dakota. The tax rates are as follows: 1) 6% on net income of \$400 million or less; 2) 5% on net income exceeding \$400 million but equal to or less than \$425 million; 3) 4% on net income exceeding \$425 million but equal to or less than \$450 million; 4) 3% on net income exceeding \$450 million but equal to or less than \$475 million; 5) 2% on net income exceeding \$475 million but equal to or less than \$500 million; 6) 1% on net income exceeding \$500 million but equal to or less than \$600 million; 7) 0.5% on net income exceeding \$600 million but equal to or less than \$1.2 billion; and, 8) 0.25% on net income exceeding \$1.2 billion. Ninety-five percent of the taxes paid by banks organized under SDCL 51-16-40 to 51-16-44 are deposited in the general fund, and 5% of the taxes collected are returned to the county where the bank or financial institution is located. Twenty-six and two-thirds percent of all other revenues collected from the tax are deposited in the general fund, and 73 1/3% are remitted to the county where the bank or financial institution is located.

Insurance Company Tax (SDCL 10-44): A tax of 2.5% of premiums on policies insuring risks located in South Dakota is imposed on insurance companies. In addition, the insurer must also pay a tax of 0.5% of the gross premium receipts on all fire insurance business done in the state. The tax imposed on insurance companies for life insurance policies is 2.5% of premiums on the first \$100,000 of annual life premiums per policy, and eight one-hundredths of a percent for that portion of the annual life premiums per policy exceeding \$100,000. A life insurance policy (other than credit life as defined in SDCL 58-19) of a face amount of \$7,000 or less is taxed at the rate of 1.25% of premiums. The tax imposed on insurance companies for annuities is 1.25% of the consideration for annuity contracts on the first \$500,000 of annual consideration per annuity contract, and eight one-hundredths of a percent for that portion of the annual consideration per annuity contract exceeding \$500,000. Farm mutual insurers and fraternal benefit societies are exempt from insurance company taxes.

Inheritance and Estate Tax (SDCL 10-40 and 10-40A): Amendment C, passed by the voters in November 2000, repealed the inheritance tax effective July 1, 2001. The inheritance tax was imposed upon the inheritance of an heir and the rate varied according to the amount inherited and the relationship between the deceased and the heir. The estate tax is imposed upon estates subject to the federal estate tax. The tax is equal to the credit on the federal tax return for state estate taxes. The state estate tax has no effect on the total amount of tax paid by a deceased person's estate. Ninety percent of the tax is deposited in the general fund, and 10% is remitted to the deceased person's county.

Licenses, Permits, and Fees: This receipt classification includes revenues received from the sales of a broad variety of licenses, permits, and filing fees that are assessed to defray administrative costs. State agencies collecting these revenues include the Departments of Agriculture; Health; Labor; Public Safety; Social Services; Revenue and Regulation; the Unified Judicial System; and, the Secretary of State.

Investment Income and Interest: Revenues included in this category are from interest and the investment earnings of the general fund and nonparticipating funds in the cash flow fund.

Charges for Goods and Services: Receipts included in this category are from charges made by institutions under the Department of Human Services; audit charges made by the Auditor General to state and local governments; child support collections paid back to the state received by the Department of Social Services; funds received from unclaimed property; 35% of fines, penalties, and forfeitures collected on county, township, or municipal offenses; and, other miscellaneous charges.

Net Transfers In: Receipts included in this category are general fund reimbursements by the Highway Fund; receipts from the Department of Game, Fish, and Parks; the Motor Vehicle Fund; the Soil and Water Conservation Fund; the state's share of the Deadwood gaming revenue; and, other miscellaneous receipts.

Trust Funds (SDCL 4-5-29.1, SDCL 4-5-29.2, and Article 13, Section 20 and 21 of the State Constitution): Receipts included in this category are transfers from the Health Care Trust Fund, the Education Enhancement Trust Fund, and the Dakota Cement Trust Fund. Four percent of the market value is transferred from the Health Care Trust Fund and the Education Enhancement Trust Fund to the general fund as long as the principal of the trust funds is not invaded. The earnings from the Health Care Trust Fund are to be used for health care related programs, and the earnings from the Education Enhancement Trust Fund are to be used for education enhancement programs. Each fiscal year, a transfer of \$12 million is made from the Dakota Cement Trust Fund to the general fund. Other than this transfer, the original principal of the trust fund is to remain intact. However, the legislature shall, by appropriation, make distributions from the difference between the \$12 million annual transfer and 5% of the market value of the trust fund for the support of education, but not for the replacement of state aid to general education or special education, if the increase in the market value of the trust fund is sufficient to maintain the original principal of the trust fund after such distributions. Under the current statutes, the market values of the Education

Enhancement and Health Care Trust Funds are to be calculated using a 16-quarter average rather than the market values as of December 31st for FY2007. Since using a 16-quarter average this year takes into account two quarters where South Dakota had not received its securitized proceeds from the Tobacco Master Settlement Agreement, using a 16-quarter average market value results in a significantly lower transfer from the trust funds to the general fund for FY2007 than if the December 31st market values were used. Therefore, the Governor is proposing to delay this smoothing one year for the Education Enhancement and Health Care Trust Funds. The additional \$2.5 million that is projected to be available if this occurs is included in the FY2007 estimate.

Severance Taxes (SDCL 10-39 and 10-39A): A severance tax is imposed at the rate of \$4 per ounce of gold severed in South Dakota. In addition, there is a tax of 10% of the net profits from the sale of precious metals severed. For persons severing precious metals that were in business in the state prior to January 1, 1981, 100% of the revenues collected are deposited in the general fund. For persons permitted on or after January 1, 1981, for the purpose of severing precious metals, 80% of the revenues collected are deposited in the general fund, and 20% are remitted to the county in which the precious metals were severed. Owners or operators of energy minerals must pay a tax equal to 4.5% of the taxable value of any energy minerals severed. One-half of the energy mineral severance taxes received are returned to the county where the energy minerals were severed, one-sixth of the taxes are deposited in the Energy Development Impact Fund, and one-third of the taxes are deposited in the general fund. Any excess over \$100,000 in the Energy Development Impact Fund is credited to the general fund.

Unexpended Carryovers: Unexpended balances that revert to the general fund from prior years for special appropriations and emergency special appropriations are reflected in receipts as unexpended carryovers.

Lottery (SDCL 42-7A): Receipts under this classification include the general fund's share of revenues from the sale of instant and on-line lottery tickets. All of the net proceeds from the sale of instant lottery tickets are deposited in the general fund. The first \$1.4 million of the net proceeds from the sale of on-line lottery tickets are deposited in the general fund, and the remaining net proceeds are deposited in the Capital Construction Fund. The Governor is proposing that all of the net proceeds from the sale of on-line lottery tickets be deposited in the general fund starting in FY2007. The additional \$3.0 million the general fund is projected to receive from this is included in the FY2007 estimate.

Property Tax Reduction Fund: The Property Tax Reduction Fund (PTRF) was created to fund property tax relief in South Dakota. SB 225, passed during the 1996 legislative session, provides that the Commissioner of the Bureau of Finance and Management may transfer monies available from the PTRF to the general fund to provide property tax relief through state aid to education. Revenues deposited in the PTRF come from three sources: 1) 49.5% of video lottery net machine income; 2) 60% of the revenue from the 4% tax on the gross receipts of telecommunication services, which was imposed by HB 1104 passed by the 2003 legislature; and, 3) unobligated cash remaining at the end of a fiscal year after the transfer into the Budget Reserve Fund, if the amount in the PTRF does not exceed 15% of the general fund appropriations in the General Appropriations Act for the previous fiscal year.

Sale-Leaseback: Receipts under this classification are derived from the annuity contract purchased with the proceeds from the sale of certificates of participation associated with the December 1986 sale-leaseback transaction.

CRP Program: Receipts under this classification are derived from federal Conservation Reserve Program payments that farmers signed over to the state in exchange for lump sum payments.

EXPLANATION OF ONE-TIME GENERAL FUND RECEIPTS

Acceleration of Interest Earnings (FY2004): HB 1099, passed by the 2003 legislature, accelerated the proration of interest earnings in the cash flow fund by having 90% of the estimated proration due to the general fund for the next fiscal year transferred to the general fund in the year in which the interest is earned. This resulted in one year (FY2004) where the general fund received two years of earnings deposits. Included in this category is the amount of FY2004 interest earnings that were deposited into the general fund.

Transfer from Petroleum Release Compensation Fund (FY2004): HB 1069, passed by the 2003 legislature, transferred \$15 million to the Petroleum Release Compensation Fund. These funds were transferred to the highway fund during the 2002 legislative session to cover an expected deficit in matching federal highway dollars. This shortfall never occurred; therefore, HB 1069 moved the dollars back to the Petroleum Release Compensation Fund. HB 1283, the General Appropriations Act, transferred the \$15 million from the Petroleum Release Compensation Fund to the general fund in FY2004.

Refinancing Gains (FY2006): This represents refunding gains from the South Dakota Health and Educational Facilities Authority and the South Dakota Building Authority refinancing bonds.

Food Services Settlement (FY2006): This represents money received from a settlement for incorrect food services charges.

Securities Global Settlement (FY2005 and FY2006): This represents South Dakota's share of a global settlement with various large brokerage firms that settled securities violations in regards to securities analyst's conflicts of interests.

Transfer from Video Lottery Fund (FY2005): This represents a one-time transfer from the Video Lottery Operating Fund to the general fund to help cover the budget shortfall in FY2005.

Transfer from Property Tax Reserves: SB 225, passed during the 1996 legislative session, gave the Commissioner of the Bureau of Finance and Management the authority to transfer monies available from the Property Tax Reduction Fund to the general fund to provide property tax relief through state aid to education. In FY2004 and FY2005, \$16.0 million and \$24.6 million, respectively, was transferred from the Property Tax Reserves to the general fund to cover the budget shortfalls in those years. In FY2006 and FY2007, it is projected that \$26.2 million and \$5.3 million, respectively, will need to be transferred from the Property Tax Reserves to the general fund to balance the budgets.

Obligated Cash Carried Forward: This is the amount of prior year cash carried forward to meet obligations that existed at the end of the previous year. In FY2004, FY2005, and FY2006, \$1.4 million, \$1.2 million, and \$0.8 million, respectively, was carried forward and transferred to the Budget Reserve Fund.

By law, revenue generated by license sales and other miscellaneous sources is dedicated for specific services which are delivered by the programs in the Division of Wildlife. Current law authorizes the Game, Fish and Parks Commission to appropriate and expend revenue received into this fund. A detailed annual report is available upon request to the Department of Game, Fish and Parks, Foss Building, Pierre, SD 57501.

Revenue estimates for FY2006 and FY2007 represent calendar year estimates instead of fiscal year estimates. Historically, the Game, Fish and Parks Commission has to rely solely on the revenue generated to the Game, Fish and Parks Fund to fund the activities it is charged with. In order to have adequate management information to react to license sales and their effect on funding available, the Commission established the calendar year revenue budget. At the end of a calendar year the Commission has sufficient information on license sales to determine if adjustments to the budget are necessary to maintain solvency.

Each year an amount designated in the General Appropriations Bill for the use of the State Radio Network is transferred from this fund to the General Fund. Other transfers consist of the fund's support for the Division of Administration, the Animal Damage Control Fund, and the Land Acquisition Fund.

NOTES:

1. Assumes a 4% interest calculation based on the ending cash balance plus \$2.0 million for unexpended M&R projects.
2. Assumes stable enrollments and an annual tuition increase of 3.0%
3. Includes an annual inflationary growth to the M&R base equal to 4.0%
4. Lease payments include the M&R bond payment and the Sioux Falls Center rent starting in FY01.
5. Lease payment for M&R bond is satisfied in 2011 so the M&R allocation in 2012 increases by previous M&R bond lease payment amount.
6. Numbers may not add due to rounding.

NOTE: FY 2007 special appropriations become available for expenditure on July 1, 2006 and are included in the FY 2007 column of the General Fund Condition Statement.

The Governor is recommending a total special appropriation of \$4,657,437 in general funds, and \$1,850,000 in other fund expenditure authority. The following paragraphs highlight each recommended special appropriation.

- **Sales Tax on Food Refund Program:** The Governor is recommending \$3,000,000 in general funds and \$1,250,000 in other fund expenditure authority to continue the refund program established by the 2004 legislature. This program provides refunds for sales tax on food paid by households with incomes at 150% of the poverty level and below.
- **Tax Refunds for the Elderly and Disabled:** The Governor is recommending \$1,000,000 in general funds for tax refunds for elderly and disabled individuals who meet income guidelines.
- **School District Consolidation Incentives:** The Governor is recommending \$552,209 of general funds to reimburse certain school districts for consolidation incentives per SDCL 13:6:92.
- **Physician Tuition Reimbursement Program:** The Governor is recommending \$105,228 of general funds to reimburse two participants who have complied with the requirements of the South Dakota Physician Tuition Reimbursement Program per SDCL 1:16A:71.1.
- **Soil and Water Conservation Grants:** The Governor is recommending \$600,000 in other fund expenditure authority to be used to fund the conservation districts and address soil and water conservation in South Dakota.

- **K-12 Schools Energy Program:** The Governor is recommending \$2,000,000 in general funds to provide relief to K-12 school districts for escalating energy costs. This is one-time money to help with unique problems during the 2005-2006 school year.
- **Cement Plant Earnings for Education Enhancement:** Due to the extra earnings from the Dakota Cement Trust fund, \$1,208,296 in earnings will be available to be spent for education enhancement. It is recommended that these funds be used to help in funding the SD Opportunity Scholarship.
- **State Fair:** The Governor is recommending \$994,000 in general funds to cover the operating loss and revenue shortfall of the 2005 South Dakota State Fair.
- **Fire Suppression Fund:** The Governor is recommending \$756,270 in general funds to be deposited into the Fire Suppression Fund for the costs related to the suppression of wildfires in South Dakota.
- **Sex Offender Registry:** The Governor is recommending \$10,000 in general funds to provide for a Web Services Interface so that the registry can be updated regularly on the internet.
