

STATE OF SOUTH DAKOTA GOVERNOR'S BUDGET FISCAL YEAR 2015

**BEGINNING JULY 1, 2014
ENDING JUNE 30, 2015**

OUR 125th YEAR OF A BALANCED BUDGET

DENNIS DAUGAARD, GOVERNOR

STATE OF SOUTH DAKOTA

DENNIS DAUGAARD, GOVERNOR

MEMBERS OF THE 89th LEGISLATURE OF THE STATE OF SOUTH DAKOTA

I am pleased to present the state budget report for Fiscal Year 2015. This proposal will fund necessary state government services and special appropriations for the fiscal period beginning July 1, 2014, and ending June 30, 2015.

In South Dakota, we remain committed to fiscal responsibility and conservative management principles. We don't spend what we don't have. We use one-time money for one-time expenses, and ongoing money for ongoing expenses. When possible, we avoid the creation of unfunded liabilities. Instead, when one-time dollars are available, we use those dollars to eliminate a liability, build or improve an asset, secure an asset, or endow a program for the future.

As a result of our good stewardship, South Dakota is in a strong position. Our tax revenues are increasing because of economic growth, not tax increases, and we enjoy one of the lowest state tax burdens in America. South Dakota has the lowest cost of living in America and continues to have one of the lowest rates of unemployment in the nation. South Dakotans can enjoy stability and predictability from their state government, and our state has grown and prospered as a result.

This year, the growth in our tax base is sufficient to fund only a basic level of modest increases. I will be proposing, however, a means to use unexpected one-time dollars to free up additional ongoing dollars, so that we can offer increases beyond what is statutorily required.

Key among my recommendations:

- **Funding increase for K-12 according to the statutory funding formula.** I am committed to the notion that, in years where new dollars are available, education should follow the formula in statute. This year, the funding formula would call for an increase in the per-student allocation of 1.6 percent. By using one-time dollars creatively to free up additional ongoing revenue, however, I am able to propose a budget that will increase the per-student allocation for K-12 education by 3.0 percent. The cost of the additional 1.4 percent increase is \$6.5 million in state funds. Of the total increase for K-12, \$3.6 million is necessary due to increased enrollments. I am also recommending a 3.0 percent increase for special education disability levels in FY2015.
- **Increased reimbursement rates for Medicaid providers.** As with K-12 education, I am proposing an increase for providers of 3.0 percent, which is in excess of the projected 1.6 percent FY2015 Consumer Price Index (CPI) growth rate. The cost of all provider inflation, including a 3.0 percent rate increase for provider reimbursement rates, is \$15.7 million in state funds.
- **Increased funding for the State Universities.** I am proposing an ongoing increase to the Board of Regents of 2.6 percent at a cost of \$4.8 million. In addition to this proposal is a tuition freeze at the state universities for in-state, on-campus students. My budget allocates \$4 million in state dollars to the Regents to guarantee there will be no tuition increase for these students.

As the cost of college continues to rise, this is a proactive step to help keep college affordable. My recommendation also includes funds for an expansion of the Sanford School of Medicine at the University of South Dakota. As many physicians near retirement, the need for primary care physicians continues to escalate, especially in rural areas. This expansion will help meet our need for a new generation of primary care physicians.

- **Increased funding for the Technical Institutes.** My proposal for the Technical Institutes is very similar to that for K-12 with a 3.0 percent ongoing formula adjustment. In addition, my budget allocates dollars to assume a larger share of the Technical Institute's bonding costs. The Technical Institutes have transformed themselves through the construction of modern facilities, and the state is paying its share to ensure they continue to meet our state's workforce needs. Finally, my budget also recommends state dollars to freeze Technical Institute tuition up to \$5/credit hour at a cost of nearly \$1 million.
- **Salary policy for state employees.** The most valuable resource state government has is our human resource. After three years of frozen salaries, we returned to traditional salary policy packages the last two years, and my budget proposes we continue that pattern. I am proposing we continue with the PACE program started by former Governor George S. Mickelson and also with the Career Bands established in FY2010 for job families that are far below market. My salary policy recommendation includes:
 - A 3.0 percent cost of living adjustment across the board for permanent state employees, including 3.0 percent market adjustments for the career band job families.
 - Movement towards job worth of 3.0 percent for PACE employees, and performance-based increases of 0 percent to 4.5 percent to move career band employees towards market.
 - Targeted compensation adjustments for a small number of mostly vocational jobs that are below market, experiencing high turnover, a decline in applicants, or are difficult to fill because of the nature of the work.
 - An 18.6 percent increase in employer paid health insurance costs.
- **A conservative approach to growth.** I thank the Legislature for joining with me over the past three years to budget conservatively. It is better to spend dollars when they are probable than to commit them when they are hopeful. No projection can be perfect, and we should always hope that if we err, we err on the side of caution. I would much rather face a surplus each year than a shortfall.

The people of South Dakota trust you and I – their Legislature and their Governor – to spend the people's money and to manage the people's assets prudently. I treat this duty very seriously, and I know the Legislature does as well. Our system asks the governor to begin the conversation by proposing a budget. My proposal is A plan, not THE plan, and I look forward to working with the Legislature and the public over the coming months to continue our stewardship of this state. Together, we will continue our state's path to prosperity and stability.

Sincerely,

Dennis Daugaard

DEPARTMENT OF EXECUTIVE MANAGEMENT BUREAU OF FINANCE AND MANAGEMENT

TO MEMBERS OF THE 89th LEGISLATURE OF THE STATE OF SOUTH DAKOTA

The Governor's Budget Report for Fiscal Year 2015 represents our state's 125th year of a balanced budget. In November of 2012 South Dakota citizens passed Constitutional Amendment P, which explicitly added balanced budget requirements to the South Dakota Constitution. While we have practiced this in the past, it is now required by our Constitution.

The report is designed to give an accurate and timely reflection of the financial conditions of the state and the proposals for spending the taxpayers' money. It culminates budget activities by the agencies and the Governor's Office which began early this summer.

The budget document contains a great deal of financial and program information, including the following: financial statements for the general fund and other funds; a history of the record of expenditures of the past two fiscal years; proposed funding by program for the coming fiscal year; statements of goals, objectives, and mission statements for the various programs, divisions, and departments; a listing of revenues generated by each program; and, various informational charts and graphs.

Funding for each program is presented as general funds, federal funds, and other funds. In addition, expenditures for each program are broken down into personal services and operating expenses. Staffing levels for each program are expressed in terms of full-time equivalent employees (FTEs).

It is our hope that the information contained in this book will be useful to you in your deliberations during the upcoming legislative session.

Sincerely,

Jason C. Dilges, Chief Financial Officer
Bureau of Finance and Management

NOTES FOR RECEIPTS SECTION

^A Under current federal law South Dakota will lose the ability to assess sales tax on internet access services beginning on November 1, 2014. The loss of sales tax collections for FY2015 due to this provision is estimated at \$5.4 million and is incorporated in the sales and use tax estimate.

^B SB 225, passed during the 1996 legislative session, requires the state's proceeds from video lottery to be deposited into the Property Tax Reduction Fund (PTRF). In addition, the bill provides that the Commissioner of the Bureau of Finance and Management may transfer monies available from the PTRF to the general fund necessary to provide property tax relief through state aid to education. HB 1104, passed by the 2003 Legislature, imposes a tax of 4% upon the gross receipts of telecommunication services. Sixty percent of the revenue collected from this tax is deposited into the PTRF. Initiated Measure 2, adopted by the voters in November of 2006, increased the cigarette tax on a 20 pack of cigarettes by \$1.00 and

the tax on a 25 pack of cigarettes by \$1.25. In addition, the wholesale tax on other tobacco products increased from 10% to 35% of the wholesale purchase price. The PTRF receives a 33% share of any revenue generated by the tobacco tax which is in excess of \$35 million. The PTRF's share of the tobacco tax was \$7.4 million in FY2012 and \$7.8 million in FY2013, and is estimated to be \$7.9 million and \$7.7 million for FY2014 and FY2015, respectively.

- C In November of 2010, the voters of South Dakota approved Referred Law 12, which extended the statewide smoking ban to nearly all public places including restaurants, bars, and casinos. This change in law caused a sharp decline in video lottery revenue of approximately 18% for the first year. Video lottery revenue continues to be below its previous peak of \$111.1 million, which was reached in FY2008. The PTRF's share of video lottery revenue was \$87.3 million in FY2012 and \$91.4 million in FY2013, and is estimated to be \$93.1 million and \$94.9 million in FY2014 and FY2015, respectively.
- D Due to consolidation in the banking industry and changes in regulations, some large banks have moved their home office to South Dakota. This is expected to increase ongoing unclaimed property receipts to \$67.5 million in FY2014 and FY2015.
- E The national recession combined with federal regulation changes in the financial sector, most notably the credit card industry, caused bank franchise tax collections to the general fund to decline substantially during and after the economic recession. Improvements in economic conditions increased collections to \$29.7 million in FY2012. However, due to consolidation within the banking industry and new financial regulations, the allocation of taxable income to South Dakota decreased collections in FY2013 to just \$17.5 million. Bank franchise tax collections are expected to continue to trend below historical levels with collections totaling just \$17.0 million and \$17.5 million in FY2014 and FY2015, respectively.
- F Includes \$7.1 million in FY2012, \$6.5 million in FY2013, \$5.8 million in FY2014, and \$5.2 million in FY2015 derived from annuity contract payments related to the 1986 sale-leaseback transaction.
- G Includes receipts of \$2.1 million in FY2012, \$2.0 million in FY2013, \$1.9 million in FY2014, and \$2.2 million in FY2015 due to legislation allowing the Department of Game, Fish, and Parks to make lease payments to the Building Authority. These are used to retire revenue bonds issued for the renovation and modernization of infrastructure at Custer State Park, the renovation and modernization of fish hatchery facilities, the Sioux Falls Outdoor Learning Center, and stabilization of the Cedar Shore Resort marina.
- H Includes receipts of \$0.7 million in each fiscal year due to legislation passed in 2007 allowing the Board of Regents to make lease payments to the Building Authority. These are used to retire revenue bonds issued for critical maintenance and repair projects for the Board of Regents.
- I Includes \$18.3 million in FY2012, \$17.9 million in FY2013, \$18.4 million in FY2014, and \$19.9 million in FY2015 in interest proceeds from the Education Enhancement and Health Care Trust Funds. The market values of the Education Enhancement and Health Care Trust Funds are calculated using a 16 quarter moving average of the prior 16 quarters as of December 31st.
- J The Health Care Tobacco Tax Fund and the Education Enhancement Tobacco Tax Fund, created by the 2007 Legislature, receive a 34% share and 33% share of the revenue, respectively, generated by the tobacco tax in excess of \$35 million. The transfer from the Health Care Tobacco Tax Fund to the general fund was \$7.6 million in FY2012 and \$8.0 million in FY2013 and is estimated to be \$8.1 million and \$7.9 million in FY2014 and FY2015, respectively. The transfer from the Education Enhancement Tobacco Tax Fund to the general fund was \$7.4 million in FY2012 and \$7.8 million in FY2013, and is estimated to be \$7.9 million and \$7.7 million in FY2014 and FY2015, respectively.
- K Included in FY2012 one-time receipts is \$1.0 million transferred from the Tobacco Prevention and Reduction Trust Fund to the general fund due to HB 1251 passed by the 2011 Legislature. In addition, a reallocation of bank income from previous tax years increased the bank franchise tax collections by \$14.3 million on a one-time basis in FY2012. Also included are \$0.4 million from CREP savings, \$0.4 million from a securities settlement, \$0.4 million from refinancing gains, and \$9.8 million for unexpended carryovers and special appropriations.
- L Included in FY2013 one-time receipts are \$17.4 million in one-time unclaimed property receipts, \$2.4 million from miscellaneous national settlements, and \$1.7 million from refinancing gains. In addition, the 2013 Legislature passed HB 1060 which transferred \$4.1 million from the Tax Relief fund and \$1.8 million from the Budgetary Accounting fund to help offset the shortfall in the state employee health insurance. Also included in the one-time receipts is \$1.0 million transferred from the Tobacco and Prevention Reduction Trust fund, which was offset by a corresponding expense transfer, along with \$1.2 million from a one-time bank franchise tax correction from a prior fiscal year, and \$0.3 million from unexpended carryovers and special appropriations.
- M Included in FY2014 one-time receipts is \$54.5 million of one-time unclaimed property receipts. HB 1270, passed by the 2012 Legislature, changed the dormancy period for unclaimed property from 5 years to 3 years. Also included is a transfer of \$19.4 million of available cash from the large project refund liability account and \$4.0 million from an unexpended carryover.

- N HB 1269, passed by the 2012 Legislature, transferred \$20.2 million from the Budget Reserve Fund to the general fund to pay for 2011 flood and other disaster costs and for pine beetle suppression in the Black Hills through the Emergency and Disaster Fund and the Fire Suppression Fund.
- O In FY2014, the Governor is recommending using one-time funds to pay off higher interest debt to reduce future ongoing expenses. Included as part of the debt reduction plan, the Governor is recommending a transfer of \$19.6 million from the Property Tax Reserves to the general fund.

- Q Includes expenditures of \$2.1 million in FY2012, \$2.0 million in FY2013, \$1.9 million in FY2014, and \$2.2 million in FY2015 due to legislation allowing the Department of Game, Fish, and Parks to make lease payments to the Building Authority. These are used to retire revenue bonds issued for the renovation and modernization of infrastructure at Custer State Park, the renovation and modernization of fish hatchery facilities, and for the Sioux Falls Outdoor Learning Center, and stabilization of the Cedar Shore Resort marina.

EXPLANATION OF ONGOING GENERAL FUND RECEIPTS

Sales and Use Tax (SDCL 10-45 and 10-46): A tax of 4% is imposed upon the gross receipts from selling, leasing, and renting tangible personal property and the sale of services. Starting January 1, 2006, all items subject to the state sales tax are taxed at 4% to conform to the Streamlined Sales Tax Project. A use tax of the same rate as the sales tax is imposed on goods and services that are used, stored, or consumed in South Dakota on which South Dakota sales tax was not paid. SB 262, passed by the 1994 Legislature, created the Sales and Use Tax Fund into which a portion of the sales tax is deposited to cover the Department of Revenue's cost of administering the tax. SB 63, passed by the 2003 Legislature, broadened the sales tax to include interstate telecommunication services. HB 1081, passed by the 2006 Legislature, exempted maintenance items used on agricultural machinery and equipment from the sales and use tax. HB 1154, passed by the 2006 Legislature, imposed an excise tax of 4% on the gross receipts from the sale of farm machinery, farm attachment units, and irrigation equipment. Municipal tax no longer applies to these sales.

Contractor's Excise Tax (SDCL 10-46A and 10-46B): An excise tax of 2% is imposed on the gross receipts of all prime contractors on construction projects. Subcontractor's gross receipts are not subject to the 2% tax if subcontractors are furnished a valid prime contractor's exemption certificate by the prime contractor for each specific job performed. The gross receipts of both prime contractors and subcontractors providing construction services or realty improvement projects for qualifying utilities are subject to a 2% excise tax.

Alcohol Beverage Tax (SDCL 35-5): This tax is computed and levied on all alcoholic beverages purchased, received, or imported from a distiller, manufacturer, or foreign wholesaler for sale to a retail dealer. The taxation rates are as follows: 1) \$8.50 per 31 gallon barrel (or a prorata share thereof) on malt beverages; 2) all light wines and diluted beverages (except sparkling wines and cider) having more than 3.2% and not more than 14% alcohol by weight, 93¢ per gallon; 3) all wines (except sparkling wines) having more than 14% and not more than 20% alcohol by weight, \$1.45 per gallon; 4) all wines (except sparkling wines) having more than 20% and not more than 24% alcohol by weight, and all sparkling wines containing alcohol, \$2.07 per gallon; 5) all cider having not more than 10% alcohol by weight, 28¢ per gallon; and, 6) all other alcoholic beverages, \$3.93 per gallon. The state receives 75% of the total tax collected, and 25% of the collections are returned to the municipalities.

Alcohol Beverage 2% Wholesale Tax (SDCL 35-5-6.1): This tax is in addition to the tax imposed by SDCL 35-5-3, and is levied at the rate of 2% of the purchase price upon the purchase of alcoholic beverages, except malt beverages, by a wholesaler from a distiller, manufacturer, or supplier.

Cigarette Tax (SDCL 10-50): In November 2006, the voters of South Dakota adopted Initiated Measure 2 which increased the cigarette tax on a 20 pack of cigarettes from \$0.53 to \$1.53. In addition, the tax on other tobacco products increased from 10% of the wholesale purchase price to 35% of the wholesale purchase price. The tax increase became effective January 1, 2007. The first \$30 million generated from this tax is deposited into the General Fund. The next \$5 million collected annually is deposited in the Tobacco Prevention and Reduction Trust Fund. Any tobacco tax revenue in excess of \$35 million is divided among the Property Tax Reduction Fund (33% share), the Education Enhancement Tobacco Tax Fund (33% share), and the Health Care Tobacco Tax Fund (34% share).

Bank Franchise Tax (SDCL 10-43): An annual tax is imposed on banks, financial institutions, and savings and loan associations based upon net income assignable to South Dakota. The tax rates are as follows: 1) 6% on net income of \$400 million or less; 2) 5% on net income exceeding \$400 million but equal to or less than \$425 million; 3) 4% on net income exceeding \$425 million but equal to or less than \$450 million; 4) 3% on net income exceeding \$450 million but equal to or less than \$475 million; 5) 2% on net income exceeding \$475 million but equal to or less than \$500 million; 6) 1% on net income exceeding \$500 million but equal to or less than \$600 million; 7) 0.5% on net income exceeding \$600 million but equal to or less than \$1.2 billion; and, 8) 0.25% on net income exceeding \$1.2 billion. Ninety-five percent of the taxes paid defined as credit card banks are deposited in the General Fund, and five percent of the taxes collected are returned to the county where the bank or financial institution is located. Twenty-six and two-thirds percent of all other revenues collected from the tax are deposited in the General Fund and seventy-three and one-third percent are remitted to the county where the bank or financial institution is located.

Insurance Company Tax (SDCL 10-44): A tax of 2.5% of premiums on policies insuring risks located in South Dakota is imposed on insurance companies. In addition, the insurer must also pay a tax of 0.5% of the gross premium receipts on all fire insurance business done in the state. The tax imposed on insurance companies for life insurance policies is 2.5% of premiums on the first \$100,000 of annual life premiums per policy, and 0.08% for that portion of the annual life premiums per policy exceeding \$100,000. A life insurance policy (other than credit life as defined in SDCL 58-19) of a face amount of \$7,000 or less is taxed at the rate of 1.25% of premiums. The tax imposed on insurance companies for annuities is 1.25% of the consideration for annuity contracts on the first \$500,000 of annual consideration per annuity contract, and 0.08% for that portion of the annual consideration per annuity contract exceeding \$500,000. Farm mutual insurers and fraternal benefit societies are exempt from insurance company taxes.

Licenses, Permits, and Fees: This receipt classification includes revenues received from the sales of a broad variety of licenses, permits, and filing fees that are assessed to defray administrative costs. State agencies collecting these revenues include the Departments of Agriculture, Health, Labor and Regulation, Public Safety, Social Services, Revenue, the Unified Judicial System, and the Secretary of State.

Investment Income and Interest: Revenues included in this category are from interest and the investment earnings of the general fund and nonparticipating funds in the Cash Flow Fund.

Charges for Goods and Services: Receipts included in this category are from charges made by institutions under the Department of Social Services; audit charges made by the Auditor General to state and local governments; child support collections paid back to the state received by the Department of Social Services; 35% of fines, penalties, and forfeitures collected on county, township, or municipal offenses; and other miscellaneous charges. Also, any receipts from the Inheritance and Estate Tax are included in the Charges for Goods and Services category.

Unclaimed Property Receipts (SDCL 43-41B): Receipts to the general fund from unclaimed property are the result of all funds in excess of \$50,000 that are receipted into the Unclaimed Property Trust Fund. Property is considered abandoned after

it has been unclaimed by the rightful owner for three years in South Dakota and must be submitted to the State Treasurer's office per state law. These unclaimed funds are a perpetual liability of the state of South Dakota and if the owner of such funds is identified, they must be paid to the rightful owner.

Net Transfers In: Receipts included in this category are general fund reimbursements by the Highway Fund; receipts from the Department of Game, Fish, and Parks; receipts from the Motor Vehicle Fund; the state's share of the Deadwood gaming revenue; the transfer from the Health Care Tobacco Tax Fund and the Education Enhancement Tobacco Tax Fund; lease payments to retire revenue bonds from various state agencies; and other miscellaneous receipts.

Trust Funds (SDCL 4-5-29.1, SDCL 4-5-29.2, and Article 13, Sections 20 and 21 of the State Constitution): Receipts included in this category are transfers from the Health Care Trust Fund, the Education Enhancement Trust Fund, and the Dakota Cement Trust Fund. Four percent of the market value is transferred from the Health Care Trust Fund and the Education Enhancement Trust Fund to the general fund as long as the principal of the trust funds is not invaded. The earnings from the Health Care Trust Fund are to be used for health care related programs, and the earnings from the Education Enhancement Trust Fund are to be used for education enhancement programs. Due to the passage of Constitutional Amendment O in the 2012 election, the transfer from the Dakota Cement Trust Fund to the general fund was changed from \$12 million each fiscal year to four percent of the market value, similar to the transfers from the Health Care Trust Fund and the Education Enhancement Trust Fund. This change took effect for the FY2013 transfer from the Dakota Cement Trust Fund.

Severance Taxes (SDCL 10-39 and 10-39A): A severance tax is imposed at the rate of \$4 per ounce of gold severed in South Dakota as well as an additional per ounce tax if the price of gold is in excess of \$800 per ounce. In addition, there is a tax of 10% of the net profits from the sale of precious metals severed. For persons severing precious metals that were in business in the state prior to January 1, 1981, 100% of the revenues collected are deposited in the General Fund. For persons permitted on or after January 1, 1981, for the purpose of severing precious metals, 80% of the revenues collected are deposited in the General Fund, and 20% are remitted to the county in which the precious metals were severed. Owners or operators of energy minerals must pay a tax equal to 4.5% of the taxable value of any energy minerals severed. One-half of the energy mineral severance taxes received are returned to the county where the energy minerals were severed and one-half are credited to the General Fund.

Lottery (SDCL 42-7A): Receipts under this classification include the general fund's share of revenues from the sale of instant and on-line lottery tickets. All of the net proceeds from the sale of instant lottery tickets are deposited in the General Fund. The first \$1.4 million of the net proceeds from the sale of online lottery tickets are deposited in the General Fund, and the remaining net proceeds are deposited in the Capital Construction Fund.

Property Tax Reduction Fund: The Property Tax Reduction Fund (PTRF) was created to fund property tax relief in South Dakota. SB 225, passed during the 1996 legislative session, provides that the Commissioner of the Bureau of Finance and Management may transfer monies available from the PTRF to the General Fund to provide property tax relief through state aid to education. Revenues deposited in the PTRF come from four sources: 1) 49.5% of video lottery net machine income; 2) 60% of the revenue from the 4% tax on the gross receipts of telecommunication services, which is imposed by HB 1104 passed by the 2003 Legislature; 3) 33% share of revenue generated from the tobacco tax in excess of \$35 million; and 4) unobligated cash remaining at the end of a fiscal year after the transfer into the Budget Reserve Fund, if the amount in the PTRF does not exceed 15% of the general fund appropriations in the General Appropriations Act for the previous fiscal year.

Sale-Leaseback: Receipts under this classification are derived from the annuity contract purchased with the proceeds from the sale of certificates of participation associated with the December 1986 sale-leaseback transaction.

EXPLANATION OF ONE-TIME GENERAL FUND RECEIPTS

One-time Unclaimed Property Receipts (FY2013 and FY2014): Mergers within the banking industry resulted in a large one-time increase of unclaimed property in FY2013, of which \$17.4 million is expected to be one-time. HB 1270, passed by the 2012 Legislature, changed the dormancy period for most unclaimed property from 5 years to 3 years. This change will result in 3 years of unclaimed property collections in FY2014, of which the one-time portion is estimated to be \$54.5 million.

Transfer from Tax Refund Construction Liability account (FY2014): In FY2014, the Governor is recommending a transfer of \$19.4 million from the Tax Refund Construction Liability account to pay outstanding bonds to reduce future ongoing expenses.

Transfer from Tax Relief Fund (FY2013): SB 196, passed by the 2010 Legislature, transferred \$1.0 million from the Tax Relief Fund to the general fund in FY2011 to help balance the budget. HB 1060, passed by the 2013 Legislature, transferred \$4.1 million from the tax relief in FY2013 to help fund the shortfall in the state health insurance program.

Misc. National Settlements (FY2012 and FY2013): This represents South Dakota's allocation of miscellaneous one-time national securities settlements in FY2012 and FY2013.

Transfer from Budgetary Accounting Fund (FY2013): HB 1060, passed by the 2013 Legislature, transferred \$1.8 million from the Budgetary Accounting Fund to the General Fund in FY2013 to help fund the shortfall in the state health insurance program.

Refinancing Gains (FY2012 and FY2013): This represents refunding gains from the South Dakota Building Authority by refinancing bonds.

Transfer from the Tobacco Prevention and Reduction Trust Fund (FY2012 and FY2013): HB 1251, passed by the 2011 Legislature, transferred \$1.0 million from the Tobacco Prevention and Reduction Trust fund to the General Fund to help balance the budget. In FY2013, a \$1.0 million transfer from the Tobacco Prevention and Reduction Trust Fund was transferred to the general fund but was offset by an equal transfer out of the general fund.

One-time Bank Franchise Tax (FY2012 and FY2013): This represents a one-time receipt of bank franchise tax due to a reallocation of bank income over prior tax years which were deemed allowable by the IRS. The reallocation of income caused a one-time increase in South Dakota's bank franchise tax of \$14.3 million in FY2012. In FY2013, a one-time \$1.2 million receipt of bank franchise tax was realized due to a prior period adjustment in bank franchise allocations.

CREP Savings (FY2012): This represents a one-time transfer from the South Dakota Building Authority as the Conservation Reserve Enhancement Program (CREP) bonds have been paid in full and these funds are no longer needed for the CREP program as the program is scheduled to end in November of 2013.

Unexpended Carryovers (FY2012, FY2013, and FY2014): Unexpended balances that revert to the General Fund from prior years for special appropriations and carryovers are reflected in receipts as unexpended carryovers and specials. Included in FY2014 is \$4.0 million that is expected to revert to the general fund from a prior year carryover.

Transfer from Property Tax Reserves (FY2014): In FY2014, the Governor is recommending a transfer of \$19.6 million from the Property Tax Reserves to help pay outstanding bonds in order to reduce future ongoing expenses.

Transfer from Budget Reserve Fund (FY2012): HB 1269, passed by the 2012 Legislature, transferred \$20.2 million from the Budget Reserve fund to the General Fund to cover emergency 2011 flood expenses and other outstanding disaster costs, as well as fund pine beetle suppression in Custer State Park and other privately owned land in the Black Hills.

Obligated Cash Carried Forward: This is the amount of prior year cash carried forward to meet obligations that existed at the end of the previous year. SB 192, passed by the 2012 Legislature, obligated \$27.8 million of FY2012 cash which was used to fund FY2013 one-time expenses. In addition, \$47.8 million of FY2012 cash was obligated and transferred to the Budget Reserve Fund in FY2013 as required by state law. The \$75.7 million total of FY2012 obligated cash was carried forward to FY2013 as one-time revenue. SB 90, passed by the 2013 Legislature, obligated \$1.0 million of FY2013 cash and carried it forward to FY2014. In addition, \$24.2 million of FY2013 cash was obligated and transferred to the Budget Reserve Fund in FY2014 per state law. This \$25.2 million of FY2013 cash was carried forward to FY2014 as one-time revenue.

By law, revenue generated by license sales and other miscellaneous sources is dedicated for specific services which are delivered by programs in the Division of Wildlife. Current law authorizes the Game, Fish and Parks Commission to appropriate and expend revenue received into this fund. A detailed annual report is available upon request to the Department of Game, Fish and Parks, Foss Building, Pierre, SD 57501.

Revenue estimates for FY2014 and FY2015 represent calendar year estimates instead of fiscal year estimates. Historically, the Game, Fish and Parks Commission has had to rely solely on the revenue generated to the Game, Fish and Parks Fund to fund the activities it is charged with. In order to have adequate management information to react to license sales and their effect on funding available, the Commission established the calendar year revenue budget. At the end of a calendar year the Commission has sufficient information on license sales to determine if adjustments to the budget are necessary to maintain solvency.

Each year an amount designated in the General Appropriations Bill for the use of the State Radio Network is transferred from this fund to the General Fund. Other transfers consist of the fund's support for the Division of Administration, the Animal Damage Control Fund, and the Land Acquisition Fund.
