Recovery Plan

State and Local Fiscal Recovery Funds

2021 Report

Note: The Recovery Plan Performance Report will provide the public and Treasury information on the projects that recipients are undertaking with program funding and how they are planning to ensure program outcomes are achieved in an effective, efficient, and equitable manner. While this template includes the minimum requirements for the Recovery Plan, each recipient is encouraged to add information to the plan that they feel is appropriate to provide information to their constituents on efforts they are taking to respond to the pandemic and promote an equitable economic recovery.

Each jurisdiction may determine the general form and content of the Recovery Plan, as long as it meets the reporting requirements, and recipients are encouraged to tailor this template to best meet their needs. Use of infographics, tables, charts, pictures, case studies, and other explanatory elements are encouraged.

GENERAL OVERVIEW

Executive Summary

The State of South Dakota was allocated \$974.5 million under the American Rescue Plan Act's (ARPA) Coronavirus State Fiscal Recovery Fund program (CSFRF). The State of South Dakota received the first half of the CSFRF allocation on August 26, 2021.

In addition to the CSFRF allocation, the State was also allocated \$65.2 million under the American Rescue Plan Act's (ARPA) Coronavirus Local Fiscal Recovery Fund program (CLFRF). The State of South Dakota received the first half of the CLFRF allocation on August 26, 2021.

The State of South Dakota is responsible for distributing the CLFRF funds directly to the non-entitlement units of local government (NEUs). Award amounts are based on the population of the NEU.

The U.S. Treasury also determined that South Dakota was one of eight states with minor civil divisions that typically perform less of a governmental role. To determine eligibility of these minor civil divisions, South Dakota performed a facts-and-circumstances test to determine whether the minor civil divisions have the legal and operational capacity to accept ARPA funds and provides a broad range of services that would constitute eligible uses under ARPA. The State of South Dakota has determined that townships in South Dakota do not meet the eligibility requirements for ARPA funds.
