Goal of South Dakota's Financial Planning Documents

- Planning tools
- Proactive early detection system
- Alternative scenario functionality
- Prioritize capital planning
- Govern and limit indebtedness
- Engage taxpayers by showing a “road map” for South Dakota’s budgetary future
- Transparency

Background on Financial Plans

- Summer of 2014
 - Governor Dugaard issued an executive order with directions to BFM
 - Governor's team met with credit rating agencies
 - Common feedback from rating agencies:
 - SD is more economically diverse than they expected
 - SD's balance sheet is strong with a low debt burden
 - SD's pension system is strong and fully funded
 - Pleased with the executive orders issued establishing formal planning practices to last into perpetuity
 - Need to show commitment to new practices

Financial Plan Executive Order

- Executive Order [2014-06](#) requires BFM to create and deliver to the Governor the following 3 documents:
 - General Fund Long-Term Financial Plan
 - Rolling Five-Year Capital Expenditure Plan
 - Debt Limitation and Management Policy

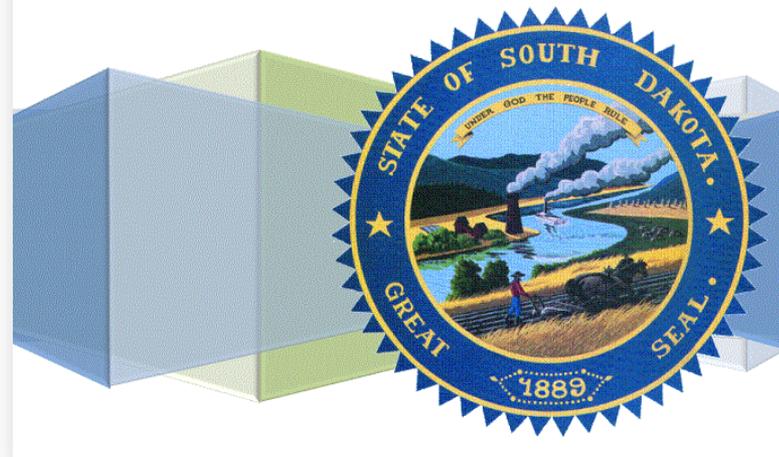

General Fund Long-Term Financial Plan

- Budget information for five fiscal years (FY14 – FY18)
- Detailed, line-by-line projections of all revenues and expenditures
- Reviewed by the Governor's Council of Economic Advisors
- Projections are estimates and subject to change

Rolling Five-Year Capital Expenditure Plan

- Outlines projected capital expenditures for the next five years (FY15 – FY19)
- Capital projects include new construction, expansion, and maintenance and repair projects
- Includes cost projections and fund sources
- Project list is as of a certain point in time and is subject to change

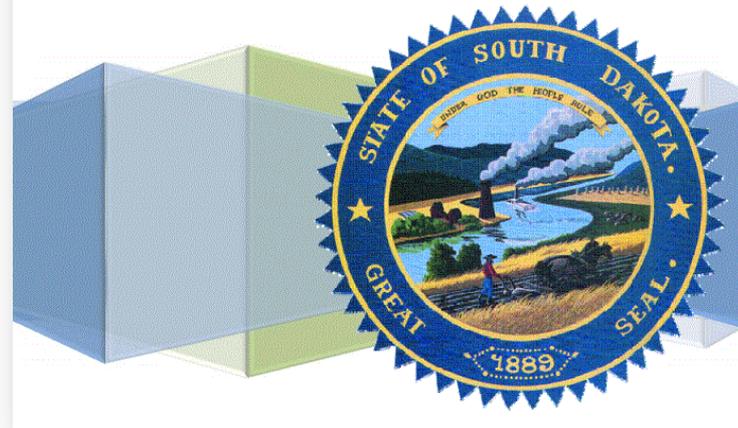

Debt Limitation and Management Policy

- Includes policies pertaining to issuance and servicing of debt of SDBA and SDHEFA (voc-ed program only)
- Establishes limits for both total debt and total debt service payments
- Measures compliance with established metrics
- Compares SD against other AAA rated states

Financial Metrics/Dashboards

Executive Order 2014-04 directed the Bureau to make available certain financial information for the Council of Economic Advisors and any interested party to view. The metrics and dashboards linked below provide updated snapshots of budget and actual expenditures compared to projected expenditures, the state's general fund receipts and comparison with the most recent forecasts, and the balances of the cash flow account and trust funds.

Cash Balances

Updated: June 2014

- The cash balances dashboards show the month-ending cash balance for the state general fund, budget reserve, property tax reduction fund, and the total balance in the cash flow account.
- The dashboards for the trust funds and SDRS pension plan show the fair market value.
- The fair market values change based on investment returns.
- The state's reserve funds are considered the sum of the budget reserve fund and the property tax reduction fund and typically remain constant throughout the fiscal year.
- The cash flow account is comprised of more than five hundred different funds and fluctuates month-to-month and day-to-day based on the individual activity taking place in each of these funds. Major or notable funds represented in the cash flow account are listed separately.
